

Wilton Water Works Minutes

November 29, 2006

COMMISSIONERS: Chairperson Jim Tuttle; Tom Herlihy and Charlie McGettigan.

Jim Tuttle called the meeting to order at 8:00 p.m.

Report from CEI: Ben Lundsted and the Commissioners discussed paying pertinent bills for river crossing work. Ben was asked to get the correct figures and make them available to the Commissioners.

Pennichuck (PWW): A backflow preventer was installed in the fire station. A section of the Main Street water main, in front of the fire station, was removed and inspected. The pipe is 10" in diameter and proved to be OK and would not require replacement.

PB/WWW Joint Committee: The Planning Board has asked the Budget Committee for \$15,000 to put toward an engineering study to delineate the wellhead protection district. The Water Works will contribute \$30,000, \$15,000 of which should come from a grant from DES.

Haz. Mat. Storage: Mr. Tuttle reported that the concrete pad was poured for the Hazardous Materials Mitigation Storage Facility next to the pump station.

Reduced Salt Use: Mr. Herlihy will draft a letter to the Wilton police and fire departments, the Lyndeborough/Wilton/Temple Ambulance, the Wilton school bus companies and the Wilton Selectmen asking each of them to send a letter supporting low salt usage on Route 31 South near the Wilton municipal wells. Mr. McGettigan will hand deliver the final letters.

Specs adoption: The Commissioners reiterated that they agreed that all new services will be no smaller than 1" and will be copper in the street. The rest of the specs will be worked out at a future meeting. They will try to meet the week of December 11th.

2007 Budget: \$286,100 is the amount in the requested budget. New projects for 2007 are:

- Complete Intervale loop - \$25,000
- Wellhead delineation - \$30,000
- Main Street Engineering - \$5,000
- Pump station driveway paving - \$5,000

Upper Main Street Services: Mr. McGettigan needs to check to be sure that all the services have been changed to copper before the sidewalk project begins next spring.

MOTION: Herlihy/McGettigan to adjourn the meeting. All in favor.

The meeting adjourned at 10:25 p.m.
