

APPENDIX V

EXCAVATION APPLICATION FORM

1. Submit completed application together with additional required information to:

a. Chairman or Secretary
Wilton Planning Board
P.O. Box 83
Wilton, NH 03086

and

b. Chairman or Secretary
Wilton Conservation Commission
P.O. Box 83
Wilton, NH 03086

2. Date of submission: _____

3. **Applicant**

Name of Applicant: _____

Address (Mailing): _____

4. **Owner of land to be excavated**

Name of Owner: _____

Address (Mailing): _____

5. **Excavation Contractor**

The excavation contractor is the person who will actually perform the excavation work.

Name of excavation contractor: _____

Address (Mailing): _____

**WILTON LAND USE LAWS AND REGULATIONS
EXCAVATION APPLICATION FORM**

6. Location of proposed/existing excavation (municipality, nearest roads, other locational information, lot # from tax map, and street number.)

7. Names and addresses of abutters (see definition in section 2.1 of the Excavation Site Plan Review Regulations). List below or attach sheet and show clearly on sketch:

8. State and federal permits required and obtained (if applicable): Applicable permits shall be attached to this application.

Alteration of Terrain (RSA 485-A:17)
Wetland Board- Dredge and Fill (RSA 483-A:17)
Army Corps of Engineers – Dredge and Fill
NH Department of Transportation – Access Permit
NH Department of Transportation – Pit Agreement
EPA Stormwater Pollution Prevention Plan - SWPPP permit

9. Excavation/Reclamation Plan: All new excavations will require an excavation and reclamation plan as part of this application. The applicant can refer to Sections 5.2 and 5.3 of the Wilton Excavation Site Plan Review Regulation for comprehensive requirements for these plans.

10. Hauling Information shall be provided to the Planning Board prior to issuance of an excavation permit:

- a. Routes to be utilized.
- b. Frequency of truck traffic over routes.

11. Reclamation Bond:

A reclamation bond shall be required prior to the issuance of an excavation permit. The bond amount is established based on a recommendation of the Town's Engineer for the conditions specific to the site.

12. **The excavation permit will be valid for a period of five years.** An annual inspection and certification is required annually to determine that the excavation and reclamation site is in compliance with the original plans submitted to the Planning Board and the New Hampshire Department of Environmental Services. Applicants should refer to the Wilton Land Use Laws and Regulations Excavation Site Plan Review Regulation to be fully informed of annual inspection permit requirements.
