Minutes of Work Session

(approved: April 9, 2018)

The Wilton Conservation Commission held a **work session on Friday, January 12, at 10:00** am in the Wilton Fire Station Training Room. Alan Preston, Wcc Chairman Bart Hunter, and Jeff Stone were present from the WCC. Spencer Brooks attended as a former member of the WCC. There were no other guests.

This morning, the above named WCC members met with Spencer Brooks to learn what he could tell us about **monitoring of Wilton's conservation easements**, and to **transfer to the WCC**, property-monitoring notebooks in his possession, the contents including **baseline documents for the Four Corners Farm** property; and **past monitoring reports**.

From Spencer:

- See the annual **town reports** for **when properties need to be monitored**.
- See the annual **town reports** for all **non-drainage easements** we hold.

Spencer talked to us about some of the **history** of various of our easements.

I (Jeff) learned of the existence (and roughly, the location) of the **Riverwalk Development easement**.

Respectfully submitted,

Jeffrey R. Stone, Acting Recorder
