

Road Postings Weight Limit Friday, February 18, 2023

The Wilton DPW Director has reviewed the forecasted weather for the next several weeks and has determined that, with the spike in daytime high temperatures well above freezing, Wilton will be posting all town roads for a weight limit of 6 Tons (RSA231:191) on **Friday, February 18 2023**. This will reduce the potential damage to the roads due to heavy truck traffic. Until further notice, or until frost/thaw conditions improve, all Wilton town roads will remain posted.

Anyone looking to haul or have a delivery should contact the Wilton DPW at 603-654-6602 for exemptions and availability of daily delivery windows.

Thank you for your cooperation!

Mike Tatro

Director of DPW
