IFB 03-22: Highway Radio Communications Project

Addendum #1

Date Issued: 6/1/2022 5:00 PM

This document hereby forms part of the original Invitation for bids marked "IFB #03-22: Wilton Highway Communications Project" that was posted May 21st 2022 on Wilton's website:
<https://www.wiltonnh.gov/>.

Instructions: Each numbered entry indicates a specific change or clarification issued by the Town of Wilton in regards to the designated IFB that may significantly affect competition. The Page and section numbers indicate where an initial inquiry or inquiries were made, and is followed by a generalized version of the question or question(s) asked that prompted the response. Answers and (if applicable) changes to the RFP are provided under the "Response" heading.

Questions

- 1. Page 4, Section 3.3, Question for clarification:** *"Do any of the vehicles listed by the town have existing low band radio systems installed?"*

Response: Wilton's Public Works Director indicates that **all** the vehicles listed have preexisting low band radio systems currently installed. They are all functioning (turn on and off), but do not connect to Milford Area Communications Center (MACC BASE).
